Thought you guys might appreciate this. I found this a few weeks ago on a host that has apparently long been forgotten. Rasta put it up there for posterity I guess and it has been up since. I grabbed a copy of it but I am probably missing files due to broken links. Anyway, here it is in all of its legacy glory.

If someone can get in touch with Rasta, please see if he can still obtain a full copy of it from his old hosting provider. It resides here <http://villa.lakes.com/josh/hs/>

I found some other old sites. Old memories are resurfacing.

Speaking of old stuff, here's a story I wrote a long time ago. Never added any more to it. Maybe with MWO coming out, it's time to add on....
